

# ENDURACUBE® AIR FILTERS

STRENGTH AND CAPACITY IN EVERY SQUARE INCH

Baldwin Filters' EnduraCube air filters are designed to protect and last.

Baldwin knows that a failed filter will not protect your engine. So we set out to build a filter that will stand up to the most rigorous applications, in the harshest environments.

Extensive lab and field testing proves the EnduraCube air filters reliably trap and hold dirt throughout the entire service interval. Superior filter design provides unfailing protection you can count on to keep your engine running at peak performance.
